

UNITED STATES NOT SEEKING TERRITORY OR MATERIAL GAIN

President Wilson Announces His Policy Toward Other American Nations in Address at Mobile.

MORALITY NOT EXPEDIENCY

Will Assist Neighbors Toward South to Real Independence.

EMANCIPATION STILL NEEDED

Some Are Largely Under Domination of Foreign Financial Interests.

MAKES TRIP DOWN THE HARBOR

Mexican Ship Lying at Dock Refuses to Acknowledge Presence of President by Dipping Its Flag.

MOBILE, Ala., Oct. 27.—President Wilson announced to the world today that the governing motive of the United States in its relationships with the countries of this hemisphere would be "morality and not expediency."

"I want to take this occasion to say," he declared, "that the United States will not again seek to secure an additional foot of territory by conquest."

The president in a speech before the Southern Commercial congress delivered a veiled attack on what he termed "The material interests" that had influenced the foreign policy of some governments in their relations with the nations of Latin America. Although Mr. Wilson did not mention Mexico his address was interpreted as an arraignment of those financial influences which it has been charged have secured in some cases recognition from the Huerta government.

The president declared that it would be the duty of the United States to assist the nations of this hemisphere in an "emancipation" from "the material interests" of other countries.

One of the features of the entertainment of President Wilson was a trip up and down the harbor today. As the revenue cutter Windom with the president and party aboard proceeded up the harbor a steamer flying the Mexican flag was noticed lying near a British freighter. No acknowledgment of the presence of the president of the United States was shown by the Mexican vessel. The British steamer dipped its flag as the revenue cutter passed.

Majesty Lee-24 Oscar Underwood of the house of representatives arrived late at the breakfast given in honor of the president and was given an ovation.

Address of President.

The president spoke extemporaneously. "I cannot," he said, "not to speak for the south, because the south has the gift of speaking for itself. I came here because I would speak of our present and prospective relations with our neighbors to the south. The future is going to be very different for this hemisphere from the past. Those states lying to the south which have always been our neighbors will be drawn closer to each other by common ties of understanding. Interests do not tie nations together; they tend to separate them. But sympathy and understanding do bind them together."

"You hear of concessions to foreign capital in Latin America, but you don't hear of concessions to foreign capital in the United States. They are not granted concessions. They are invited to make investments. It is an invitation not a privilege. And states that are obliged to grant concessions are in the condition that foreign interests are apt to dominate their domestic affairs. Such a condition of affairs is likely to become intolerable. And it is emancipation from this inevitable subordination which we deem it our duty to assist in."

"Their self-respect, their achievements in spite of difficulties deserve nothing but the admiration and applause of the world."

"I rejoice in nothing so much as that they will be emancipated, and we ought to be the first in taking part in assisting in that emancipation."

The president digressed to point out that the Department of State had "tried

James Larkin, Irish Labor Leader, Given Seven Months' Term

DUBLIN, Ireland, Oct. 27.—James Larkin, leader of the striking Irish transport workers, today was found guilty on charges of sedition and inciting to riot. He was sentenced to seven months' imprisonment.

The attorney general in opening the case for the prosecution said Larkin had been prosecuted, not because he was a labor leader, but because he was "a wicked and dangerous criminal."

The Irish transport workers have been on strike since early in September, and such distress is prevalent among their families that the English trades unions have sent them large quantities of provisions to keep them from starving. Arrangements were made to take some of their children to England to be cared for while the strike lasted, but this action was resented by the Catholic clergy, who objected to the children being sent into Protestant families.

WASHINGTON, Oct. 27.—Former Governor Gage of California telegraphed the State department asking that the government use its good offices in behalf of his daughter, Mrs. Lucille Rand, who has been arrested at Kingston, Ireland, on a charge of kidnapping. Mr. Gage said his daughter was a humanitarian worker and had drawn herself into difficulty while seeking homes for starving children of Dublin slummers. His request was transmitted to Ambassador Page at London.

Miss Elkins and Mr. Hitt Married at Halleyhurst

ELKINS, W. Va., Oct. 27.—Katherine Elkins, daughter of the late Senator Stephen B. Elkins, was married here this afternoon to William F. Hitt.

Although intimate friends and the family had expected it for two years, the wedding was a surprise to many. Not even the mother of the bride was aware that preparations for the wedding had been made until a few hours before it took place.

The ceremony was witnessed by only the immediate family at Halleyhurst, the Elkins' home here. Former Senator Davis Elkins was the attendant of the groom, and Mrs. Blaine Elkins, sister-in-law of the bride, was matron of honor. Rev. F. H. Barron, pastor of the Davis Memorial Presbyterian church here, was the clergyman.

The bride is a granddaughter of former United States Senator Henry Cassaway Davis, and while the wedding was at 2 o'clock, so quietly had arrangements been made, that he, too, was unaware of the prospect until noon. Others present included Colonel Richard Elkins of Philadelphia, a brother of the bride; Mrs. Katherine Barnett of Washington, cousin of the bride; and Miss Katherine Britton of Washington, her daughter.

After a wedding luncheon the couple departed for the east.

Arrest for Perjury Probable in Baby Changeling Case

SAN FRANCISCO, Cal., Oct. 27.—So wide has been the disparity in the testimony taken before the British vice-consul, sitting as a commissioner, in the high court of chances in the Singaby case, that District Attorney Pickery called today a special meeting of the grand jury to determine if possible which of the witnesses heard had committed perjury.

The high court is endeavoring to determine whether Lieutenant Charles Eugene Raymond Singaby, formerly of the United States navy, and his wife, are the parents of the child which they acknowledge as their son, or the boy is a changeling. On the outcome hinges the ultimate inheritance of an estate yielding an annual income of between \$40,000 and \$50,000.

All the witnesses who have testified were subpoenaed to appear before the grand jury, including Mr. and Mrs. Singaby.

Kenyon Bill is Passed by Senate

WASHINGTON, Oct. 27.—The Kenyon bill to eliminate Washington's segregated district was passed today by the senate and now goes to the house, where it failed in the last congress. It follows the Des Moines plan for injunctions against owners of property used for immoral purposes and makes them liable for the abatement of disorderly places as nuisances.

"As in many other cities," said Senator Kenyon, "in the passage of the bill, these disorderly places are owned by prominent and wealthy men who receive inordinately high rents. It is through the men that the remedy should come."

Request of Thaw for Continuance Granted

ROCHESTER, N. H., Oct. 27.—Harry K. Thaw's request for a further continuance in his extradition case was granted by Governor Feltner today. The governor allowed the Thaw attorneys until November 4 to file briefs bearing on the indictment returned last week by the grand jury of New York county. Thaw had asked for a continuance of two weeks.

MURDER CHARGE AGAINST GIBSON IS DISMISSED

GOSHEN, N. Y., Oct. 27.—The indictment against Burton W. Gibson, the New York lawyer, who was tried twice by Orange county juries for the death of Mrs. Rosa Menchik Szabo, by strangulation, on Greenwood lake, on July 15, 1912, was dismissed here today. The jury at both trials failed to agree. The Austrian consul was expected in Goshen to take Gibson to New York, where indictments have been found against him for misusing the funds of Mrs. Szabo's estate. It is alleged that there is \$7,100 unaccounted for.

ELECTION RETURNS DO NOT SHOW WINNER

Those Received at Capital, Even from Nearby States, Too Fragmentary to Determine Result.

GOOD GUESS CANNOT BE MADE

Likely Public Will Not Know Before Fortnight Elapses.

LIGHT VOTE IN ALL MEXICO

Indications that Sunday's Election is Without Result.

EXPECT HUERTA TO HOLD ON

Washington Officials See in Incident Justification of His Policy of Refusing to Recognize Huerta.

WASHINGTON, Oct. 27.—On the face of the meager returns from the Mexican elections and apparent indication that a president had not been chosen, officials in Washington today based justification for the policy of this government in declining in advance to recognize the elections as legal and fair.

Although nothing official had come to the authorities here the prevailing opinion was that Huerta would retain his authority, and that a new congress would proclaim the election null and void. Definite announcement from the Huerta government of the election outcome is not looked for here for several days. A few dispatches were received by Secretary Bryan from Mexico City. They contained no detailed information as to the vote cast for president, but all asserted that the vote everywhere throughout the republic had been light. The reports were sent to President Wilson at Mobile.

All Returns Are Late.

MEXICO CITY, Oct. 27.—The returns of yesterday's elections may possibly be known within a week, but it is more likely that a fortnight will elapse before the result is placed before the public. Not even a good guess as to who was at the top of the poll can be made at present. Returns even from nearby states, are fragmentary.

In the federal capital itself the result may be known within a day or two. Telegrams received today by the Department of the Interior showed the elections at Guadalajara and Toluca passed off in an orderly manner.

Huerta Leads at Vera Cruz.

VERA CRUZ, Mex., Oct. 27.—Provisional President Huerta obtained 1,500 of the 2,000 votes cast in Vera Cruz at yesterday's election, according to the official

(Continued on Page Two.)

Commissioners File Answer to Charges Made by Henry Mayo

Answer of Henry McDonald, Thomas O'Connor and Augustus Harle, three members of the Board of County Commissioners, whom Henry B. Mayo, contractor, is asking the district court to remove, filed yesterday, calls Mayo's charges "malicious" and groundless.

It is related that the procedure with regard to bids on completion of the north grounds of the court house was entirely regular and proper and that by rejection of first bids they saved a large amount of money.

"Revengeful malice" and "childish desire for sensational advertising" are other terms used in the answer. The defendants ask the court for an early hearing that although they are public officials, they "hold dear their honor and their good name, and desire to leave them unblemished to their posterity."

Sulzer Will Pay Thirty-Five Cents for Dog Biscuit

NEW YORK, Oct. 27.—William Sulzer, former governor, sent a telegram last night to Michael J. Walsh, acting controller in Albany, as follows:

"If you will send me the bill for Patsy's dog biscuit I will send you my check to reimburse the state for the 35 cents it cost. In view of the graft of millions of dollars I uncovered during my administration it is gratifying to know your office is now on the job and has not overlooked the fact that Patsy got away with a dog biscuit. Poor Patsy! He should be impeached."

Investigators of executive mansion accounts at Albany recently have listed various items of expenditures during Governor Sulzer's administration, among which were purchases for the governor's dog, to which Mr. Sulzer alludes in his message.

Directors of Water Board Decide Upon Many New Districts

At a meeting of the Board of Directors of the metropolitan water district at 2:30 o'clock yesterday afternoon, twenty-four new water main districts were created. By unanimous consent the advisability of purchasing \$15,000 worth of village of Dundee bonds was not discussed. The question will be taken up at the meeting Wednesday.

Denver Bandit Confesses Murder

DENVER, Colo., Oct. 27.—James Nelson, alias Frank Allen, today confessed to the murder that he killed Thomas Chase last Friday night when he held up Chase and a companion. The confession clears the mystery surrounding a reign of terror in Denver last week, which for several nights baffled the police. Nelson, when arrested yesterday admitted that he was responsible for many highway robberies, but until today he denied knowledge of the murder.

An Exciting Election in Mexico

Drawn for The Bee by Fowell.

MRS. EATON CROSS-EXAMINED

Defendant Says She Married Admiral to Save His Life.

REPEATS STORY OF HER LIFE

She Says Her Late Husband Was Very Intemperate Before Their Marriage and that He Partially Reformed.

PLYMOUTH, Mass., Oct. 27.—Mrs. Jennie Mat Eaton resumed the stand for cross-examination today in her trial for the murder of her husband, Rear Admiral Eaton. As the principal witness in her own defense, Mrs. Eaton was questioned for six hours last Saturday, and under the guidance of her attorney, William Morse, told a story of tender care for her husband and consistent devotion to him. She denied she had given him poison and testified that his frequent drinking with subtle drugs and liquor made her fear for his life.

At the suggestion of the district attorney, his medical examiner, Gilman T. Osgood, of Rockland, sat at a table in plain view of the defendant. Dr. Osgood, who has devoted much time to a study of insanity, jotted down notes of his observations of the witness.

"Did you know that your husband's income stopped with his death?" Attorney Morse asked Mrs. Eaton before her cross-examination began.

"I did," Mrs. Eaton replied.

Under the questioning of the prosecutor, Mrs. Eaton repeated her story of Saturday regarding her early life, her marriage to her first husband, Dr. H. Ainsworth, and her separation from him, and of her meeting with Admiral Eaton.

The admiral was very intemperate, she said, but under her care, he drank considerably less and finally asked her to become his wife.

"It was only when I saw that he was going to kill himself that I decided to marry him," she said.

"Then you married him to save his life?" asked Mr. Barker.

"Yes, I married him to save his life," replied Mrs. Eaton.

Mrs. Eaton related the story of her divorce from Ainsworth and her marriage to Admiral Eaton. Soon after their marriage the admiral gave her \$30,000, all of which she returned to him later. She did not know that \$30,000 came from the first Mrs. Eaton, nor that the admiral had \$40,000 when he married the second time.

Mrs. Eaton denied that she tried, through Dr. C. H. Colegate, to have the admiral committed to an asylum. She

The National Capital

Monday, October 28, 1913.

The Senate.
Met at noon and banking committee took up currency reform in executive session.
The Kenyon bill to eliminate the capital's segregated district by injunction, after the Des Moines plan.
Adjourned at 1:35 until noon Thursday.

The House.
Met at noon and adjourned at 12:40 to noon Tuesday.
Ordered printed 100,000 copies of the income tax regulations.
Incorporated President Wilson's Philadelphia speech in the Congressional Record.

Miscellaneous.

The congressional practice of apportioning a year's salary for the benefit of widows of senators and representatives dying in office was attacked by Senator Kenyon of Iowa. He introduced a resolution declaring it the sense of the senate that "the practice was without warrant of law" and should be discontinued. The resolution was withdrawn temporarily because of a technical discussion.

President Wilson's nominations of four native Filipinos to the Philippine commission, one of whom is to be secretary of finance and justice for the islands, were confirmed today by the senate.

Moore Will Retire from Chairmanship of Rock Island Board

NEW YORK, Oct. 27.—Important changes in the personnel of the Chicago, Rock Island & Pacific Railway company are expected to follow the meeting of directors to be held in this city on Wednesday.

The recent weakness of Rock Island issues and Chicago, Rock Island & Pacific railroad collateral trust bonds has given rise to much conjecture concerning the future of these properties.

At Wednesday's meeting of the railway directors it is said William Moore will retire from the chairmanship of the executive committee and that his successor will be a member of the Phelps-Dodge interests.

The various Rock Island issues and the railroad bonds were especially strong and active today as a result of these reported changes. It is understood the Phelps-Dodge interests have added considerably to their Rock Island holdings on the recent decline.

Three Women Will Be Candidates for Chicago Council

CHICAGO, Oct. 27.—Miss Sophronia Breckenridge, dean of women at the University of Chicago; Miss Mary McDowell, head resident of the University of Chicago Stock Yards Social Settlement; and Mrs. Joseph T. Bowen, settlement worker, will be candidates for the city council at the spring elections. It was announced today. The women will run on an independent ticket, pursuant to a campaign by the women's civic organizations to obtain representation in the council to promote legislation in which women are specially interested.

When asked today to confirm the report that Gertrude Howe Britton was among those whom he is considering for chief of police, Mayor Harrison again declined to discuss the question, declaring that his choice would not be known before next Monday.

Horse Rustler is Given Two Years

PIERRE, S. D., Oct. 27.—(Special Telegram.)—In the Stanley county circuit court Job Highwell was given a 2-year sentence on a plea of guilty of horse rustling. Jesse Hodges and John Bush were each given a sentence of a year on conviction of arson, and Luther Foster was given a suspended sentence of a year for larceny of a horse.

Katy Telegraphers Ready to Strike

DALLAS, Tex., Oct. 27.—A strike of 1,500 telegraphers of the Missouri, Kansas & Texas railway system was threatened today when General Manager W. A. Webb of the railroad refused to consider the telegraphers' demand until December 15. The men's committee said the telegraphers would decide whether to strike within the next twenty-four hours.

TEXAS EXCEEDS REQUIRED SPEED ON TRIAL TRIP

ROCKLAND, Me., Oct. 27.—The official standardization trials of the super-dreadnaught Texas, interrupted Thursday by an accident to the port engine, were completed today with results entirely satisfactory to the builders and the government officials. The fastest run over the mile course was made at the rate of 23.8 knots, exceeding by more than 14 knots the speed required by the contract.

CROWD WAITS FOR DRAWING

North Platte Streets Are Crowded with Homeseekers.

CEREMONY BEGINS AT 10 A. M.

Work of Appraising Ninety-Four Quarter Sections in Nebraska Military Reservation Will Be Completed Tuesday.

(From a Staff Correspondent.)
NORTH PLATTE, Neb., Oct. 27.—(Special Telegram.)—The calm before the storm, is the way the situation at North Platte is characterized today, for with the registration for government land closed thirty-six hours ago everyone is waiting to see who is beneath the ray of the lucky star for the first number that is to be drawn at 10 o'clock Tuesday morning.

James W. Witten, superintendent of the opening and sale of government lands, has made all necessary preparations for the big event of Tuesday morning, when Uncle Sam is to give away 538 Nebraska farms to 538 persons out of the 76,693 that have registered.

The great tin boxes containing the names and numbers of those registered are on the way from the registration booths at Valentine and Broken Bow. At 10 o'clock Tuesday morning the contents will be dumped on the floor of the old opera house here. Little Ruth Elder of North Platte will pick up an envelope at random from the pile of paper heaped on the floor. She will hand it to Judge James W. Witten. He will pinch off the end of the envelope and read aloud the name of the winner of the first claim.

Following this little ritual McFarland of North Platte will pick up another envelope. The name contained therein will draw No. 2. Then the drawing will alternate between the two girls until 2,000 names have been drawn out.

"We always draw out three or four times as many names as we have claims," said Judge Witten. "As we figure that some will drop out before it comes time to file and that gives the higher numbers a chance for a claim."

Appraisers Are at Work.
The government appraisers are at work on the Nebraska military reservation fixing the value of the ground so that those who are to file will have definite and authentic information to guide them in making their selections there. The appraising is to be completed today or tomorrow. In the Nebraska reservation there are ninety-four quarter sections of appraised lands and forty-six sections of unappraised to be sold off in the lottery.

In the Nebraska national forest reservation are 498 sections to be raffled off. In all there are approximately 400,000 acres of land.

The drawing is expected to be completed by Tuesday night or Wednesday noon. The filing does not begin until November 17 for the forest lands, and April 1 for the military reservation.

The World Moves

Did you ever stop to think what a marvelous and ever-changing scene of activity this world is—what a wonderful kaleidoscope of picture it presents? Even the community in which you live moves rapidly—changing and changing as the days come and go.

Where do you stand in the scheme of things? To what extent are you master of your own actions? Are you steering your own course or do you drift along helpless in the great current?

This newspaper is constantly helping those who are willing and ready to receive and profit by its help. If you have never done so before, just consider separately and collectively the vast and various lines of activity set forth in its advertising columns.

Then you cannot fail to realize what it means to you to go about your shopping and spending with a fixed idea of what and where to buy, gained from the information thus imparted.

Where do you receive the best service and the best merchandise for your money?
